Paris Action Climat Contact

 Géraldine Vallejo

“ Measuring and understanding Kering's ecological footprint (greenhouse gas emissions, water consumption, water pollution, waste, air pollution and land use), throughout the supply chain to raw materials, play a fundamental role in the Group's overall strategy. In order to meet these challenges, Kering has developed the Environmental Profit & Loss Account (E P&L), a pioneering tool, the first results were published in 2015. ”
