Paris Action Climat Contact

 Matthieu Riché

“ A player in cities, the Casino group is committed for a long time to fight against climate change. Signatory of the Science Based Target, the Casino group is committed to reduce its greenhouse gas emissions by 18% between 2015 and 2025. Casino acts to reduce the energy consumption of its stores, by reducing the leakage of refrigerants and through soft and innovative modes of transport such as the use of the Seine to deliver to Parisian stores. The Casino group is also committed alongside the City of Paris and its inhabitants to offer more responsible consumption and production methods to enable them to eat better, with a varied and diversified offer of organic, and vegetable and responsible products. ”
